HOT WATER TAPS

Our 3-in-1 and 4-in-1 taps provide instant boiling water with a digital touch screen, 2.4L boiler, and carbon filter for better taste and clarity. Available in polished chrome, matte black, and brushed brass, they add a modern touch to any kitchen.

The 360° swivel spout and durable design ensure long-lasting performance, while easy hot/cold handles and a child-safe boiling water dispenser make them essential. The replaceable carbon filter keeps your water pure.

£259 TC018100

AXI142 Accessory Trio

Includes:

- AX2024 System Sync Prep Board
- AXI508 System Sync Colander
- AX2506 System Sync Flex Rack

£154 TC010800

The innovative System Sync, designed to work with you and your kitchen.

Overflowing with features and versatility that offers up superlative functionality, maximises workflow, and liberates worktops.

With the combination of bowl sizes available, flexible 2IN1 installation, integrated smart rail and a range of accessories.

System Sync offers so much more than bowls to simply wash up in, it allows for a whole host of kitchen tasks to be performed super efficiently - saving time and space for those things that matter.

System Sync bowls have been expertly crafted from 0.8mm 304 grade brushed stainless steel to ensure a finish that is as durable as it is sleek and stylish.

All accessories are tailored to fit System Sync perfectly and are stackable to further optimise space.

Why choose an abode Boiling Water Tap?

Wide range of trend-led tap styles in a range of finishes.

Choose your safety mechanism, either HotKey® or two-stage handle based on your needs or preference.

Centrally insulated channel for the instant hot water supply so the spout remains cool to touch when in use.

On screen boiler display giving the ability to manually adjust settings.

When buying a tap you will always receive the specified boiler and a filter.

All Pronteau taps and components have been developed to be compliant with Building Regulations and are subjected to the required testing to gain approvals such as WRAS/KIWA.

Comprehensive in-house spares service and easy to access parts, no need for a service engineer to maintain.

The PROBOIL boiler is compact enough to fit under a Belfast sink.

UK-wide engineer network and friendly knowledgeable support team.

Filter recycle scheme.

PROBOIL.4E

The PROBOIL.4E Boiler has a 4L tank capacity and comes with the 4 Functions in I HotKey® collection.

Fits under a Belfast Sink

Both boilers have the following features:

- Controllable temperature range which can be set between 75 & 98° via the on screen digital controls.
- Compact stainless steel tank which fits beneath a Belfast or Butler sink.
- Simple to install via colour coded connectors.
- On screen filter life indicator.
- WRAS approved.

All Boiling Water taps are supplied with a premium water optimisation filter. Part of the Abode filter recycle scheme.

PRONTEAU[™]
by abode

THE INDUSTRIA REVOLUTION

Overflowing with industrial inspiration, British design and leading engineering, the Pronteau Industria is here to revolutionise your kitchen.

A dramatic design that combines both international and industrial influences, complete with four bespoke finishes. Featuring distinctive diamond knurled detailing that adorns both the spout and handles, making this tap truly unique and exquisite all whilst delivering boiling water on demand – and in style.

Available in Matt Black, Brushed Brass, Brushed Nickel and Matt Black/Antique Brass

Water Filter Taps

AQUIFIER™

Benefits of a Water Filter Tap

Water Quality:

An Aquifier tap or Switch device filters particulates from water, reduces the taste and odour of chlorine and reduces water hardness.

Health:

Having filtered cold water on tap can encourage the consumption of more water. Fill a reusable water bottle each day directly from the tap.

Environment:

By removing the need for bottled mineral water every home with an Aquifier product is doing their bit for the environment by reducing single use plastic consumption.

Cost:

If bottled mineral water is a frequent purchase in your household you can save considerable amounts each year by switching to an Aquifier or Switch product.

Space saving:

If you have a water filtration jug or bought bottled water just think how much space you can free up in the fridge.

Appliance health:

If you live in an area with particularly hard water you will notice that the kettle suffers as a result of the limescale build up over time. Fill your kettle with filtered water and prolong its life.

Swich

Swich Round

How does a Swich product work?

- Convert ANY kitchen tap to one which delivers filtered water as well as the standard cold water supply.
- The easy way to get filtered water from any style of tap.
- Simple to install either through the worktop, or any standard sink 35mm tap hole or even in the sink cabinet.
- Easy to use, just turn to divert to the filtered water function and back again to the standard cold water supply.
- Can be installed alongside a new tap or retro-fit with an existing tap.
- Award winning, unique product design.

IGNEOUS SINKS

Constructed from a patented formula of 80% quartz – the toughest element of granite – and high-grade acrylic, our igneous sink collection is literally rock solid. Impervious to knocks and scratches, it's UV stable for a fade-free finish and has high-intensity colour running through its very core.

A modern kitchen featuring a striking red corrugated cabinetry system. The kitchen includes a built-in oven, a dishwasher with its door open, a sink, a countertop with a coffee machine and fruit, and a wooden island with a dark countertop. The lighting is dramatic, highlighting the textures and colors of the kitchen.

AEG

THE NEW AEG KITCHEN RANGE

Enter a world where beauty, sustainability, and ground-breaking innovation are at the heart of your appliances with the new AEG kitchen range.

Experience the benefits of cutting-edge technology that adapts to your lifestyle, enhances your culinary skills with ease, and transforms the kitchen into a hub of efficiency and elegance, with no need to compromise.

The XXL fridge freezer. Keep more, waste less.

It only takes a little more space in your kitchen to get a lot more space in your fridge. Our XXL models are taller and wider, with **45%* more cooling space**, meaning up to **123 litres of extra volume!** With a larger interior that gives a perfect overview and maximum flexibility of freshness. These models may be larger in size, but that doesn't mean you need to compromise on freshness.

Cool

PERFECTAIR SENSOR

PerfectAir is an advanced feature that clears the air without you having to do anything. A sensor constantly detects the levels of odours in the air and adjusts the motor level – from light use to intensive – to ensure your kitchen air is always clean and fresh.

At Cata, we are proud to bring over 75 years of expertise in home appliance manufacturing, providing high-quality, innovative products that have become trusted essentials in homes worldwide. Founded in Torelló, Spain, in 1947, Cata was the first Spanish company to manufacture extractors and extractor hoods. Today, our comprehensive product range includes ovens, hobs, microwaves, cooker hoods and more—each designed with the perfect balance of cutting-edge technology, functionality, and style.

NEFF's Glass Draft Hood **AN ELEGANT SPACE SAVER**

Cheers to creative clarity

Are you the kind of cook who has a flare for creativity and pushing the boundaries in the kitchen?

If you are, the Glass Draft Hood is your perfect cooktop companion. It is almost invisible to the eye but efficient beyond belief. NEFF's Guided Air Technology extracts steam and odours from anywhere on the cooktop. You think it is designed to disappear? We think the Glass Draft Hood will become the centrepiece of your party.

Scan the QR code to watch a video on NEFF's Glass Draft Hoods and find out more about the features such as Seamless Installation, Efficient Drive Motor, Guided Air Technology and more!

CLASSIC 110/100/90

CLASSIC

With bevelled doors, elegant windows and towel rail, the Classic offers everything you'd expect from a traditional range cooker. The Classic is a classic in every sense. As well as its spacious, fully programmable oven, you'll find a separate grill and high-powered wok burner. The Classic also comes complete with a host of other Rangemaster extras, including non-stick half-smooth, half-ribbed griddle (Gas hob top versions) and innovative Handyrack.

CLASSIC FX 90

CLASSIC FX

With a wealth of features, including a large capacity multifunction oven with energy saving panel, vast flexible hob space and full width storage drawer, the Classic 90 FX range cooker offers traditional styling including the well known baker style window along with a full width towel rail, classic control dials and optional mini splashback. Available in five colour-ways and two fabulous finishes it not only performs but it will look the part too. For smaller meals when the full oven is not required, a handy energy saving panel (ESP) can be used to divide the oven cavity in half.

KITCHENER 110 / 100 / 90

KITCHENER

First launched in 1830, the Kitchener set the standard for range cooking. It does today, too.

Designed and built by William Flavel, the son of our company's founding family, the Kitchener proved an instant success and graced the kitchens of royalty throughout the world. Today's Kitchener is still highly sought after. Available in three widths, with a separate grill compartment and two oven cavities, there is plenty of room to cook for all the family.

PROFESSIONAL+ 110 / 100 / 90

PROFESSIONAL+

When a cooker is named the Professional, you can expect nothing less than professional results.

If you're a serious cook, you need a serious cooker. With a wealth of features, including two spacious ovens and a separate grill compartment with our renowned glide-out grill system, the Professional+ range cookers offer the sleek modern lines of its contemporaries with a few extra treats thrown in. Available in a variety of options and beautiful finishes, it not only performs but it will look the part too.

PROFESSIONAL DELUXE 110 / 100 / 90

PROFESSIONAL DELUXE

Enjoy contemporary styling with added luxury – the new Deluxe addition to our popular Professional+ collection takes cooking to new levels. This seriously sleek range cooker delivers on both style and performance. Taking the very best from our Professional+ collection, then adding an extra touch of 'luxe', this latest model is packed with high-performance features. Busy cooks will especially appreciate our innovative Rapid Response function, which harnesses extra heat to ensure you're oven-ready up to 30% faster. The crowning glory of the 110 model is surely its truly impressive Multizone hob packing a powerful ceramic zone with a heavy duty griddle plate, plus five gas burners.

PROFESSIONAL+ FX/FXP

PROFESSIONAL+ FX/FXP

Highly energy efficient. Highly versatile. The revolutionary new Professional+ FX bears all the innovative Rangemaster qualities. At the heart of this range cooker's unique construction is the Energy Saving Panel (ESP). This removable panel allows you to switch from a full-size 1 litre oven that's great for entertaining en-masse, to a more modest 49 litre oven that uses less energy when cooking smaller dishes. When the panel is in place the spare cavity acts as a handy plate warming facility, using residual heat from the adjacent oven. The panel and shelves can be stored in the full-width drawer below when not in use.

ELISE 110/100/90

ELISE

The ultimate range for cooking up delicious cuisine, the quintessential Elise is inspired by generations of gourmet excellence.

Awaken your inner gastronome with the Elise range cooker, which is inspired by the passion and panache that ensures European chefs are revered worldwide.

One glance at this chic range cooker is all it takes to identify its distinctly continental design direction. From the stylish controls, to the coordinating soft-brushed aluminium trim that lends front profile definition, a continental flair for sophisticated design is evident throughout.

TREOS

147 x 140 x 20.75/8.8mm Triangular Light (LED)

Stylish stainless steel triangular design | Perfect under cabinet task lighting | No visible dots | Easy to install plug + play technology | Superb light output | Kits supplied with a pre-wired 13amp 3 pin plug and driver | Each light is 2.0W | Maximum of 3 lights per 6W driver | 2.5m cable length (light to driver) | Natural white | If you require 4, 5 or 6 lights then a 15W driver must be purchased. Alternatively you can purchase additional 3 packs. See drivers3 pack inc 6W

Titan Driver **£62** TC004300 SE11290N3
Single add on light **£14** TC001000 SE11290NO

ZETA

68 x 13mm Circular Light (LED)

Surface/recessed installation | Compact stylish appearance | Supplied with removable collar | No visible dots | Ideal for under or in cabinet feature lighting | Easy to install | Each light is 2.0W | Maximum of 3 lights per 6W driver | 2.5m cable length (light to driver) | Natural white | If you require 4, 5 or 6 lights then a 15W driver must be purchased. Alternatively you can purchase additional 3 packs. See drivers.

3 pack inc 6W Titan Driver **£52** TC003600 SE11190N3
Single additional light **£11** TC000800 SE11190NO

DART

Flexible LED striplight 5m

Flexible 8mm strip | Can be cut every 100mm | Utilise a full 5m strip regardless of the number of cuts made | Supplied with high quality 3m VHB adhesive backing tape | Perfect for under cabinets and worktops | IP20 rated | Kits supplied with a pre-wired 13amp 3 pin plug and driver | 5m reel is 18W - 3.6W per metre | When creating an island scenario it is recommended to use 4 individual strips rather than corner connectors along with individual drivers and driver connection leads if you want to maintain a constant light around the corners. See drivers.

5m pack inc 30W Titan Driver **£68** TC004800 SE10355N1
5m LED strip only **£23** TC001600 SE10355NO
